

Nounce — Voice Recording Brief

Thanks for recording for us! This brief has everything you need: the recording specs, the **25 sentences**, and the **44 single words**. Please read the specs first, then record each item in the two tables below.

(Internal note: sentences mirror `doc/validation_sentences.md`; words mirror `IPA_AUDIO_MAP` in `app/src/routes/learn.tsx`. Cross-refs: #25, #44, #48.)

Recording specs

Audio format

- **WAV, mono, 16 kHz or 48 kHz, 16-bit PCM.**
- **No effects** — no compression, EQ, de-noising, normalization, or reverb.
- Quiet room, consistent mic distance, minimal background noise.

Delivery

- One file per item, flat (all files in a single folder).
- **Natural, conversational** delivery — as if speaking to a friend. Please

do **not** over-articulate, slow down, or use a "newsreader" voice.

- One clean take per item is enough; re-record if there's a slip or noise.
- Record in your own natural accent throughout — please keep it consistent

across the whole set.

Part 1 — Sentences (25)

Filenames: `ref_001.wav` ... `ref_025.wav`. Word count is for pacing only.

File	Words	Sentence
<code>ref_001.wav</code>	9	I left my keys on the kitchen table again.
<code>ref_002.wav</code>	12	She wants to visit her family next month, maybe around the holidays.
<code>ref_003.wav</code>	8	The man sent the cup back to us.
<code>ref_004.wav</code>	10	They moved into a much bigger house just last spring.
<code>ref_005.wav</code>	12	We saw three deer near the river while walking early this morning.
<code>ref_006.wav</code>	10	My brother bought a shiny new red car last weekend.
<code>ref_007.wav</code>	7	These cheap seats are not very big.
<code>ref_008.wav</code>	10	She always drinks her morning coffee black, without any sugar.
<code>ref_009.wav</code>	9	Could you please turn off the lights before bed?
<code>ref_010.wav</code>	10	She really enjoys speaking both English and a little French.
<code>ref_011.wav</code>	12	Could you please pass me the salt and the bottle of water?
<code>ref_012.wav</code>	14	The weather looks lovely, so I think we'll go for a long walk later.
<code>ref_013.wav</code>	11	He found a nice little apartment downtown, close to his office.
<code>ref_014.wav</code>	12	I think we should leave a little early to beat the traffic.

File	Words	Sentence
ref_015.wav	8	I'd love to grab a coffee after work.
ref_016.wav	10	I completely forgot to bring my umbrella again this morning.
ref_017.wav	10	We watched a really good film together on Friday night.
ref_018.wav	12	Let's meet at that new little place near the park around noon.
ref_019.wav	10	They love walking along the beach together almost every evening.
ref_020.wav	10	He carefully put all the books back on the shelf.
ref_021.wav	8	I'm not sure who edited the final report.
ref_022.wav	11	Please close the window before you leave; it's getting really cold.
ref_023.wav	14	Do you want to come over this weekend and help me paint the kitchen?
ref_024.wav	12	I usually like to read a good book before I fall asleep.
ref_025.wav	9	Don't forget to call your mother back tomorrow, okay?

Part 2 — Single words (44)

Each word is one short audio file, recorded as a normal everyday word (not spelled-out, not stretched). Use the **exact filename** in the right column.

A few words appear twice with a **-k** / **-g** / **-s** suffix (e.g. **cat-k.wav**): that's just the **same word recorded again** to highlight a different sound — please record it the same natural way both times.

Word	File
see	see.wav
sit	sit.wav
bed	bed.wav
cat	cat.wav
father	father.wav
hot	hot.wav
saw	saw.wav
put	put.wav
too	too.wav
cup	cup.wav
bird	bird.wav
about	about.wav
day	day.wav
my	my.wav
boy	boy.wav
now	now.wav
go	go.wav

Word	File
near	near.wav
hair	hair.wav
pure	pure.wav
pet	pet.wav
ten	ten.wav
dog	dog.wav
fan	fan.wav
van	van.wav
think	think.wav
this	this.wav
zoo	zoo.wav
ship	ship.wav
measure	measure.wav
hat	hat.wav
church	church.wav
judge	judge.wav
man	man.wav
no	no.wav
sing	sing.wav
let	let.wav
red	red.wav
yes	yes.wav
wet	wet.wav
cat (again)	cat-k.wav
go (again)	go-g.wav
sit (again)	sit-s.wav

44 files total (40 distinct words + the three -k/-g/-s repeats). Thank you!
